Payment for Reserved Beds in Long-Term Care Facilities

Payments are made to reserve a bed during a recipient's temporary absence from a nursing facility or an intermediate care facility for the mentally retarded (other than periods of inpatient hospitalization) pursuant to the provisions of 42 CFR 447.40. As it applies to nursing facilities, payment is made for seven (7) days per calendar year. Such payments are also available for periods of absence not to exceed a maximum of 14 consecutive days per absence, with a maximum of 60 days in a calendar year for ICF/MR recipients.

Between August 1-December 31, 1995, payments are made to reserve a bed in a nursing facility that had an occupancy rate of 90% in the preceding month for a maximum of (3) days of hospital leave when the patient is admitted to a licensed hospital. Effective January 1, 1996, irrespective of occupancy rate payments are made for a maximum of (5) days of hospital leave per calendar year.
